

SERVICE SHEET

# ENVIRONMENT

## PLANNING AND APPROVALS

Fyfe provide a highly skilled group of technical and planning professionals to facilitate approvals and stakeholder support for infrastructure and development projects.

# ENVIRONMENT

## PLANNING AND APPROVALS

Our people have extensive experience dealing with government agencies such as the EPA, DPTI, DMITRE, DEWNR in South Australia and DEHP in Queensland, the Department of the Environment at a federal level, as well as local government. We can assist with stakeholder liaison and community consultation and provide the specialist technical advice to assist and inform decision making early in the approval process.

We can also assist with permits and approvals required under State and Federal legislation, such as the EPBC Act.
